

AKSHAY ASWANI

Data Analyst | Power BI Analyst | SQL • Power BI • Excel • Python

Jaipur, Rajasthan, India | 8107074517 | aswaniakshay@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Analytics-focused technology professional with 4+ years of experience across NOC Engineering, Site Reliability and Data Engineering. Hands-on with SQL, Power BI, DAX, Power Query, Advanced Excel and Python, with portfolio projects spanning mobility, banking/lending and student analytics. Experienced in KPI reporting, data modelling, dashboard development, data validation, incident/SLA analysis and translating operational data into actionable insights.

TECHNICAL SKILLS

Analytics & SQL: SQL, MySQL, SQL Server, Advanced Excel, Python, Data Cleaning, Exploratory Data Analysis, KPI Analysis

Business Intelligence: Power BI Desktop, Power BI Service, DAX, Power Query (M), Data Modelling, Dashboard Design, Data Visualization

Data Engineering: ETL Fundamentals, Data Pipelines, Data Validation, Hadoop, Hive, Linux, Shell Scripting

Operations & Cloud: NOC Operations, Incident & SLA Analysis, RCA, Splunk, Datadog, SolarWinds, SuppressLogic, AWS, Azure

Tools: MySQL Workbench, SQL Server Management Studio (SSMS), Git, GitHub

PROFESSIONAL EXPERIENCE

NOC Engineer | eClinicalWorks Pvt. Ltd.

Sep 2023 – Present

- Monitor 24x7 production environments, applications and infrastructure; investigate server, database, network, CPU, memory and disk alerts.
- Perform incident detection, L1/L2 triage, log analysis, escalation and root-cause support while maintaining SLA-focused operational reliability.
- Use Splunk Enterprise Cloud and enterprise monitoring platforms to investigate alerts, troubleshoot production issues and support change activities.
- Prepare incident, uptime and operational reporting used to track service health, recurring issues and support performance.
- Received the Rising Star Award (2026) for performance and contribution.

Site Reliability Engineer | Crest Data System

Nov 2022 – Aug 2023

- Supported production reliability through monitoring, troubleshooting, incident investigation and service-availability activities.
- Used Linux, shell scripting and automation-oriented workflows for issue analysis, RCA support and operational improvement.

Data Engineer Trainee | Futureense Technologies

Apr 2022 – Nov 2022

- Worked with Python, SQL, Linux and ETL concepts for structured data handling, transformation, validation and analytics-oriented exercises.
- Built foundational knowledge of data pipelines, database management and analytical data structures.

SELECTED DATA ANALYTICS PROJECTS

[Student Performance, Learning & Engagement Analytics](#) | *Advanced Excel*

- Analyzed 10,000 student records and built an executive dashboard covering exam score, attendance, assignment completion, study hours, engagement and grade distribution.
- Created support-priority segmentation and performance-driver analysis to identify students requiring intervention and factors associated with outcomes.

[Loan Portfolio & Financial Decision Engine](#) | *Advanced Excel*

- Built a 10,000-loan analytical model with portfolio KPIs, risk/data-quality analysis, forecasting, scenario analysis, loan calculator and amortization schedules.
- Applied financial functions and rule-based risk logic using default status, DPD, DTI and credit score to support lending decisions.

[TOLA Cabs - Jaipur Ride Booking & Operations Analytics](#) | *MySQL + Power BI*

- Analyzed 100K+ ride-booking records across booking outcomes, cancellations, customer/driver ratings, distance patterns and operational KPIs.
- Built a structured MySQL dataset and interactive Power BI dashboard with DAX measures for performance and trend analysis.

[Bank Loan Analytics Dashboard](#) | *Power BI*

- Analyzed 38,500+ loan records in Power BI to track portfolio performance, Good vs Bad loan trends, repayment behavior and credit-risk indicators.
- Built KPI reporting for funded amount, interest rate and DTI ratio, with interactive views designed to support lending and portfolio monitoring.

EDUCATION & RECOGNITION

Bachelor of Engineering in Computer Science | Chandigarh University | 2022

Award: Rising Star Award – eClinicalWorks (2026)
