# AKSHAY ASWANI

**Data Analyst | Power BI Analyst | SQL Analyst**
Jaipur, Rajasthan, India | +91 8107074517 | aswaniakshay@gmail.com | LinkedIn | GitHub | Portfolio

## PROFESSIONAL SUMMARY

Analytics-focused technology professional with 4+ years of experience across NOC Engineering, Site Reliability Engineering and Data Engineering. Skilled in SQL, Power BI, DAX, Power Query, Advanced Excel and Python, with hands-on portfolio experience in data modelling, data validation, dashboard development, KPI reporting and business analysis. Developed end-to-end analytics projects across IT operations, retail, mobility, banking and education domains. Strong background in incident analysis, SLA monitoring and operational reporting, with the ability to transform complex datasets into actionable business insights.

## TECHNICAL SKILLS

**Data Analytics & SQL:** SQL, MySQL, SQL Server, Advanced Excel, Python, Data Cleaning, Exploratory Data Analysis (EDA), KPI Analysis
**Business Intelligence & Visualization:** Power BI Desktop, Power BI Service, DAX, Power Query (M), Data Modelling, Dashboard Development, Data Visualization, KPI Reporting
**Data Engineering & Databases:** ETL Fundamentals, Data Pipelines, Data Validation, Hadoop, Hive, Linux, Shell Scripting
**IT Operations & Cloud:** NOC Operations, Incident Management, SLA Analysis, Root Cause Analysis (RCA), Splunk, Datadog, SolarWinds, SuppressLogic, AWS, Azure
**Development Tools:** MySQL Workbench, SQL Server Management Studio (SSMS), Git, GitHub

## PROFESSIONAL EXPERIENCE

**NOC Engineer | eClinicalWorks Pvt. Ltd.** *Sep 2023 - Present*
- Monitor 24x7 enterprise production environments, applications, servers, databases and network infrastructure, investigating CPU, memory, disk and service-health alerts.
- Perform incident detection, L1/L2 troubleshooting, log analysis, escalation and root-cause investigation while supporting SLA compliance and operational reliability.
- Analyze production logs and monitoring alerts using enterprise observability tools to identify recurring incidents, service disruptions and infrastructure performance issues.
- Collaborate with SRE, DevOps, DBA and application teams on incident resolution, production troubleshooting and change management.
- Prepare daily and weekly incident, uptime and operational performance reports to support service-health monitoring and issue trend analysis.
- Received the Rising Star Award (2026) for performance and contribution.

**Site Reliability Engineer | Crest Data System** *Nov 2022 - Aug 2023*
- Supported Splunk Enterprise Cloud infrastructure, monitoring production systems, investigating incidents and maintaining service availability.
- Assisted with AWS and GCP cloud operations, including on-premises-to-cloud migration activities and production support.
- Installed, upgraded and maintained Splunk Apps and Add-ons to support monitoring and observability requirements.
- Performed incident troubleshooting, L1 network support and root-cause analysis to identify recurring issues and improve monitoring effectiveness.
- Used Linux, shell scripting and automation-oriented workflows to support infrastructure operations and troubleshooting.

**Data Engineer Trainee | Futurense Technologies** *Apr 2022 - Nov 2022*
- Supported ETL workflows, structured data processing, data transformation and validation to maintain data integrity and pipeline reliability.
- Worked with SQL, Python, Linux and shell scripting to support data engineering tasks and analytics-oriented exercises.
- Used Linux command-line utilities, shell scripts and Cron jobs to execute and automate ETL-related workflows.
- Developed analytical data structures and contributed to database management and technical documentation.
- Assisted in interpreting data outputs and communicating findings to support project objectives.

## SELECTED DATA ANALYTICS PROJECTS

**1. Akitya IT Services - NOC Incident, SLA & Operations Analytics | MySQL, Power BI, DAX**
- Developed an end-to-end analytics solution using 60,000 synthetic incident records and a star schema with 8 dimensions to analyze SLA compliance, MTTR, incident trends and operational performance.
- Built a 4-page interactive Power BI dashboard covering service reliability, shift performance, root-cause analysis and customer risk to support operational decision-making.
  GitHub Repository | Live Power BI Dashboard

**2. Loan Portfolio & Financial Decision Engine | Advanced Excel**
- Developed a 10,000-record loan portfolio model covering financial KPIs, credit-risk assessment, data-quality checks, forecasting and scenario analysis.
- Built interactive dashboards, EMI calculators and amortization schedules using PivotTables, financial functions and rule-based lending risk logic.
  GitHub Repository

**3. TOLA Cabs - Jaipur Ride Booking & Operations Analytics | MySQL, Power BI, DAX**
- Analyzed 150,000 ride-booking records to evaluate booking success, cancellations, revenue, ride distance and customer/driver performance.
- Developed an interactive Power BI dashboard using DAX measures, data modelling and KPI reporting to visualize booking trends and operational performance.
  GitHub Repository

**4. Student Performance, Learning & Engagement Analytics | Advanced Excel**
- Analyzed 10,000 student records to evaluate exam performance, attendance, assignment completion, engagement and grade distribution.
- Created an interactive Excel executive dashboard with performance-driver analysis and support-priority segmentation to identify students requiring additional academic support.
  GitHub Repository

## EDUCATION

**Bachelor of Engineering (B.E.) in Computer Science** | Chandigarh University | 2022

## CERTIFICATIONS

**Data Analyst: Career Preparation** - Cognitive Class (Powered by IBM Skills Network) | Sep 2026
- Completed a multi-course learning path covering SQL, Python for Data Science, Data Wrangling, Exploratory Data Analysis, Spreadsheet Analysis and Tableau Dashboards.

## AWARDS & RECOGNITION

**Rising Star Award (2026)** - eClinicalWorks Pvt. Ltd. | Recognized for professional performance and contributions to IT operations.
